ATMOS by Jacob Jensen Design

This Bluetooth speaker, dimmable LED lamp and drinks holder in one has an intriguing feel thanks to its minimalistic cylindrical design by Jacob Jensen Design. Its small and convenient shape fits 2 regular bottles of wine and emits warm dimmable light and a balanced and clear sound with Kooduu's high-end Bright Sound Technology™ built-in speaker. The Atmos is available in 2 versions with a premium steel or brass stand that compliments the warm and elegant shine of the lamp.

SPHERE by Jacob Jensen Design

This smooth and rounded Bluetooth speaker lamp with built-in drinks cooler evenly distributes dimmable light and a balanced sound thanks to Kooduu's Bright Sound Technology™ and the geometrical and minimal approach from Jacob Jensen Design. It also features a premium Brushed Steel or Brass stand, creating a contemporary yet timeless feel.

SYNERGY

The Kooduu Synergy will help you transform any moment into a multisensorial one. This LED lamp and Bluetooth speaker comes with a twist: a built-in compartment that you can use to keep your drinks cool, display some flowers or a plant. Stream your favorite music in style with a Bluetooth speaker that sounds as good as it looks and gives warm indirect dimmable light thanks to Kooduu's Bright Sound Technology™. Designed in Denmark and Made in Europe. The Synergy is available in 3 sizes: 35 (small), 50 (medium) and 65 (large).

PORTABLE LAMPS

Minimalistic, functional and timeless lighting design work. Let's turn your house into the cozy and nurturing home you cherish and love. Let's decorate your office, an inspirational space where your best work happens. Let's fill your commercial space with bright, warm and joyful objects. The quintessence of Scandinavian design, now reflected in our new Portable Lamps Collection: **Fokus**, **Loom** and **Sensa**.

The new Lite-up Play is a 2 in 1 Bluetooth speaker with high-quality audio and stylish lamp in one. The newly integrated speaker is guaranteed to provide clear and full sound with deep bass. Enjoy your favorite music and ambient lighting wherever you are.
